Homeowner agrees and understands that no work on this request shall commence until homeowner has received written approval from the Architectural Control Committee or Board of Directors.

1. Homeowner will comply with all city and state laws and will obtain the necessary permits.
2. The architectural change must be completed within thirty (30) days from the construction start date.
3. The architectural change is subject to inspection by a member of the Architectural Control Committee ( or any appointed committee member) on the day immediately following the thirty (30) day deadline for completion. The Association has the right to remove the architectural change if, in view of the Architectural Control Committee, the change has not met with the guidelines and specifications, with the homeowner bearing all costs of the removal.
4. The homeowner will maintain the architectural change and if, in the view of the Architectural Control Committee, the change is not being maintained, the Association has the right to remove or maintain the change with the homeowner bearing
